

PRESS RELEASE: INVESTORS TRUST DONATES \$20,000 TO PUERTO RICO FOLLOWING RECENT HURRICANES

Investors Trust was quick to respond to the recent hurricanes that swept through the Caribbean. In September of this year, Puerto Rico was hit back to back by catastrophic hurricanes, first by Hurricane Irma followed, shortly after, by another category 5 hurricane, Maria. The devastation is horrific for this small island.

In response, Investors Trust donated \$20,000 to the United for Puerto Rico organization supporting response efforts in the region. They will be providing updates on how the donations will be used, which will be relayed to the field in the coming months.

Along with this substantial donation of funds, Investors Trust's Miami office ran a donation drive where employees contributed non-perishable groceries and goods for Puerto Rico. The donations were given to a local drop off site on Friday, Sept. 22.

Through Investors Trust Cares, the Company is able to give back and bring relief during times of crisis. But, there is still much to be done. If you're looking for a way to get involved and bring relief to Puerto Rico, visit United for Puerto Rico at <http://unidosporpuertorico.com/en/>.

About United for Puerto Rico

United for Puerto Rico is an initiative brought forth by the First Lady of Puerto Rico, Beatriz Rosselló, in collaboration with the private sector, with the purpose of providing aid and support to those affected in Puerto Rico by the passage of Hurricane Irma and Hurricane María. 100% of the proceeds will go to helping the victims affected by these natural disasters in Puerto Rico.
